Testimonial

"Thank you Nevada County Chamber for another great half day seminar, "California employment law essentials for business: 2016 update and review". Michael Letzia, the presenter was able to deliver a great amount of material in a concise and effective manner. The seminar was actually enjoyable and he was very effective in explaining some rather confusing issues in layman terms. His humor was well received and I came out of it with a very good understanding of what I need to do to stay compliant with current labor law. I will definitely continue to attend this seminar each year.

Thank you. "
